Subject: Thanks for the Memorable Interview

Dear Ms./ Ms./ Messrs.,

This is further to my interview on..... for the post of at your offices (or venue).

As a fresher, this was the first interview I've attended as jobseeker. Hence, I will cherish memories of this interview. I learned a lot about the interview process and what employers look for, during our interaction.

I genuinely hope I'm suitable for the job, despite being a fresher. Also excuse any errors or mistakes that I may have committed due to inexperience.

Should you require any further details, I'll be happy to provide them by email, post or discuss personally or on phone as per your convenience.

Hope to stay in touch in future

Warm Regards

Truly Yours
